HOPE + HELP + CHANGE

GEORGETOWN COUNTY

# CELEBRATING THE NEXT GENERATION

## MISSION

Helping Hands offers HOPE, HELP, and CHANGE in Georgetown County. On faith-based principles, we seek to create sustainable futures through job training and youth empowerment to relieve generational and situational poverty, while meeting immediate needs of food insecurity, utility support, and dental care.

## HELPING HANDS

Exciting things are happening with Helping Hands Youth Empowerment Program (YEP) that serves high school sophomores, juniors and seniors who come from all four high schools in Georgetown County (Andrews High, Carvers Bay High, Georgetown High and Waccamaw High)! Our staff meets with them weekly, and students participate in monthly extracurricular activities that take them outside their comfort zone to promote personal development and growth. We partner with NC Outward Bound to give our youth life-transforming experiences in the Florida Everglades. Our YEP coaches are certified in career development and youth mental health first aid. Your gift supports YEP's sessions and events including the Outward Bound trip, which includes transportation, appropriate outdoor clothing, gear, food, etc. for this 7-day excursion. YEP has been in existence since 2018, and we now have a waiting list of students who want to participate. With your help, we can add these students into our program that has a proven track record of success!
